About Our Company

At MPG Electrical Services, we are a trusted name in the electrical services industry, based in Liverpool and operating nationwide. Led by Managing Director Matthew Gwynne, our experienced team is passionate about delivering safe, high-quality and cost-effective electrical solutions to a wide range of clients.

With years of hands-on experience and a commitment to exceptional service, we support projects across residential, commercial, industrial, and public sectors. Whatever the size or complexity of the project, we bring professionalism, reliability and innovation to every job.

Our Services

Testing & Inspection

Keeping businesses safe and compliant with expert electrical testing — trusted by councils and industry alike.

Electrical Installations

Safe, efficient, and fully compliant installations — from small works to major projects.

Planned & Reactive Maintenance

Fast, reliable maintenance that keeps your systems safe, compliant, and running smoothly.

Project Management & Design

End-to-end project delivery — from concept to completion, all managed in-house.

Energy Efficiency Solutions

Smart, sustainable energy solutions — solar, EV chargers, and battery storage.

Emergency Lighting & Fire Alarm Systems

Turnkey safety systems — emergency lighting, fire alarms, security, and data.

Client Spotlight:

Nugent Care

Sector: Charity / Care Services

Scope: Planned & Reactive Maintenance

Overview:

MPG Electrical Services delivers ongoing planned and reactive maintenance across Nugent Care's facilities, ensuring safety and compliance across multiple care sites.

Impact:

- Maintained 100% compliance with care sector electrical regulations.
- Reduced downtime through proactive maintenance and rapid reactive work.
- Improved safety and reliability for staff and residents.
- Built a long-term relationship founded on trust and consistent delivery.

Result:

The result is a reliable, proactive partnership. Nugent Care benefits from consistent compliance, reduced disruptions, and peace of mind knowing their electrical systems are in expert hands.

Client Spotlight:

Liverpool City Council

Sector: Public Sector

Scope: Testing, Inspection & Installations

Overview:

MPG Electrical Services is a trusted and preferred contractor for Liverpool City Council, delivering electrical testing, inspection, and installation works across a range of public buildings and facilities.

Impact:

- Ensured full compliance with council and safety standards.
- Delivered reliable testing and certification within strict timeframes.
- Provided efficient installation solutions with minimal disruption to public services.
- Strengthened long-term partnership through consistent quality and trust.

Result:

The result is a trusted, long-term partnership. Liverpool City Council benefits from full compliance, efficient delivery, and the assurance that every facility is maintained to the highest electrical safety standards.

Case Study:

St Margaret's School

Sector: Education

Scope: Full Electrical Refurbishment

Overview:

MPG Electrical Services was commissioned to deliver a complete electrical refurbishment of classrooms and toilets at St Margaret's School during a tight summer closure period. The project demanded precise planning and fast, coordinated execution to meet the strict reopening deadline.

Our Approach:

- End-to-end project management — from design to completion.
- Efficient refurbishment of classrooms and toilet facilities.
- Comprehensive testing and certification.

Result:

A fully refurbished, safe, and compliant school environment — delivered on time and within budget, with upgraded facilities, minimal disruption, and a seamless handover ready for the new term.

Case Study:

Sefton Park Palm House

Sector: Public Sector

Scope: Lighting & Emergency Lighting Upgrade

Overview:

MPG Electrical Services was commissioned by Liverpool City Council to upgrade lighting and emergency lighting at Sefton Park Palm House as part of ongoing maintenance and safety work.

Our Approach:

- Full lighting and emergency lighting design and installation.
- Compliance upgrades to meet the latest safety standards.
- Coordination with council teams to minimise disruption to public access.

Result:

A safer, compliant, and enhanced facility. Liverpool City Council benefits from improved safety, reduced risk, and ongoing confidence in their electrical systems as part of a trusted long-term partnership.

Case Study:

RWST Holiday Village

Sector: Leisure & Hospitality

Scope: Full Electrical Installation & Refurbishment

Overview:

MPG Electrical Services was commissioned to deliver full electrical installations and refurbishments across RWST Holiday Village, encompassing 40 cabins. The project required complete end-to-end design and management.

Our Approach:

- Full electrical design and end-to-end project management.
- Complete refurbishment of 40 cabins with high-quality installations.
- Testing and compliance to ensure safety and longevity.

Result:

A fully refurbished holiday village with modern, safe, and reliable electrical systems — enhancing guest experience, improving safety, and delivered on time to the highest standards.

Case Study:

High End Residential

Sector: Residential

Scope: Design & Installation — Interior & Exterior Lighting, Smart Systems

Overview:

MPG Electrical Services was commissioned to deliver a complete lighting and smart system installation for a high-end residential project.

Our Approach:

- End-to-end design and project management.
- Installation of interior and exterior lighting - this included 60 outdoor lights, bollards, LED strips, external audio, and automated gates.
- Integration of Loxone smart system for seamless control.
- Attention to detail to meet the client's high standards of quality and aesthetics.

Result:

A luxurious, fully automated residential environment with exceptional lighting and smart control - delivering exceptional ambience, convenience, and technology to the highest standard.

Our Promise

We believe in building lasting partnerships with our clients based on trust, transparency, and outstanding results.

Every project we undertake is delivered with the highest standards, compliance, and care.

At MPG Electrical Services, your success is our priority.

- **Electrical Installations:**
